**THE DEMOCRATIC PLATFORM**

Adopted by the Representatives of the Democratic Party of Arizona, at Tucson.

First—We, the representatives of the democratic party of Arizona, in convention assembled, reaffirm our allegiance to the principles of the national democratic party, as set forth in the national democratic platform of Kansas City in 1900.

Second—We believe in free discussion, freedom of speech, freedom of the press, and of equal rights to all, special privileges to none; and of the universal equality of all men before the law.

Third—We believe in the superiority of the civil power of the government over the military, and in the preservation of constitutional liberty wherever the American flag floats.

Fourth—We are opposed to the permanent policy of the republican party in the maintenance of dependent colonies outside of the pale of the American constitution, because such policy is, in deed, if not in name, imperialism; and imperialism means government without consent, and government without consent means government by force, all of which is directly opposed to the letter and spirit of the Declaration of American Independence, and the American constitution.

Fifth—We are in favor of peace, commerce and friendship with all nations, and entangling alliances with none.

Sixth—We condemn both the legislative and administrative policies of the republican party, which have created dangerous combinations of the capitalized corporate monopolies; have stifled competition, and have largely enhanced the prices of the necessities of life. We are in favor, therefore, of free trade in all articles made and controlled by trusts, and of such other legislation as shall destroy the dangerous tendencies of the same.

Seventh—We, recognizing the dignity of labor, demand, and pledge the democracy of Arizona and its representatives in the legislative assembly, to the enactment of the following laws:

(1) To the enactment of a law prescribing eight hours as a lawful day of labor.

(2) To the enactment of a law creating the office of mine inspector, with power in the incumbent to enter and inspect all mines in this territory in the course of development and operation, to the end that underground miners may be more safely protected from danger, and mine owners from useless litigation.

(3) The enactment of a law creating the office of boiler inspector, with power in the incumbent to inspect all stationary boilers.

(4) To the enactment of an equitable freight and fare bill, providing a maximum rate of railroad charges, to be placed on the products of the country, to the end that the producer shall have left in his hands some of the profits of his product as a reward for his labor.

(5) The enactment of an equitable license law, for the regulation of railroad taxation, prescribing amount of tax per mile, to be paid on each mile of road in said territory, similar to the act of congress, fixing a mileage rate of taxation for the Santa Fe Pacific in this territory, to the end that railroad companies operating railroads in this territory shall carry their portions of the public burdens, and thereby relieve the people from further carrying the same for them, and that said companies may not be disturbed by equalization boards in raising and lowering taxes to be paid by such companies.

(6) To the enactment of an anti-blacklist law, prohibiting the blacklisting of discharged employees by employers, for the purpose of preventing such employees from obtaining employment in other sections.

(7) We favor the amendment of all laws placing large perquisites in the hands of government officials in this territory, and demand that all of such perquisites shall be covered into the treasury, and fixed salaries created for all territorial appointees and clerical forces, as may be necessarily required for the effective administration of the government affairs pertaining to each department of the same.

Eighth—We appeal to the senate of the United States to pass the omnibus statehood bill, now pending before it, for the admission of the territories of Arizona, New Mexico and Oklahoma into the union of states, to the end that all pledges of all national political parties, made solemnly in their political platforms on the subject may be redeemed, and the people clothed with power to organize themselves into sovereign states, to which they are, under our American constitution, so clearly and justly entitled.

Ninth—We favor the reclamation of our arid lands by the government, especially the immense valleys therein by the erection of great dams before natural reservoir sites, for impounding of large bodies of water for that purpose; the same to be under government control and regulated in such a way as that the people may be cheaply supplied with water for irrigation, and the government finally reimbursed therefor.

Tenth—We are in favor of, and

pledge the democracy of this territory and its representatives in the legislative assembly, to the enactment of a well-regulated primary election law, such as shall require all political parties in this territory to hold their primary elections on the same day, under the supervision of the same judges, and under the Australian ballot system, the same as the present general election law, with such penalties for its violation provided therein as shall secure its due enforcement.

Eleventh—We endorse the action and work of Marcus A. Smith, our delegate to congress, and thank him for his successful efforts in behalf of statehood and his careful guardianship of all Arizona's interests. He has served the people faithfully and intelligently, and his party points with pride to his work.

**I. E. SOLOMON, INJURED**

Knocked Down and Run Over by a Fractious Team of Young Horses.

Mr. I. E. Solomon met with an accident at Thatcher last Sunday which resulted in his serious injury. He drove a team of colts to Thatcher, and after he had gotten out of the buggy and was about to fasten them to a hitching post, the buggy pole in some way became detached from the breast yoke and fell to the ground. This scared the young horses and they began rearing up and finally knocked Mr. Solomon down and ran over him with the buggy.

Mr. Solomon suffered a dislocation of the left shoulder and was injured internally also. At first he did not fully realize his injuries. In the afternoon he was driven home by Mr. Bingham, and that night he suffered considerably.

Monday evening he began to suffer with his bowels, evidently from internal injuries. Dr. Warner was called and gave all needed attention, and by Tuesday evening Mr. Solomon was resting comparatively easy and is now getting along quite satisfactorily.—Bulletin.

**Take Care of the Stomach**

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodol cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: "Kodol has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodol saved my life. Take it after meals." Globe Drug Store, Roberts &amp; Peterson.

The rough riders and cowboys who are planning to race from Deadwood, S. D., to Omaha, a distance of several hundred miles, to greet President Roosevelt when he visits the latter city, may have to revise their purpose, since the Nebraska Homestead society has asked the president to try to stop the race. Possibly they may be induced to use automobiles instead of broncos.

**Beware of the Knife.**

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles, for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequalled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothe and heal. Globe Drug Store, Roberts &amp; Peterson.

It is said that the coal strike has cost the miners \$20,000,000. Consumers will have to pay an enormous advance in the price of fuel. But operators are piling up huge profits and refuse to arbitrate.

**A Sad Disappointment.**

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. Globe Drug Store, Roberts &amp; Peterson.

**Kodol**  
**Dyspepsia Cure**

Digests what you eat.

This preparation contains all of the digestants and digests all kinds of food. It gives instant relief and never fails to cure. It allows you to eat all the food you want. The most sensitive stomachs can take it. By its use many thousands of dyspeptics have been cured after everything else failed. Is unequalled for the stomach. Children with weak stomachs thrive on it.

**Cures all stomach troubles**  
Prepared only by E. C. DeWitt & Co., Chicago  
The \$1. bottle contains 25 times the 5c. size.
